

Scaling up high-impact business innovations in Kosovo

Empower your groundbreaking digital or green innovation to scale, broaden your reach, amplify your impact, and address societal challenges.

Which enterprises and solutions are eligible?

All commercial or cooperative companies (individual businesses are excluded):

- registered in Kosovo before **November 1, 2022**;
- employing at least **5 individuals**;
- with a turnover **below EUR 50 million**;
- not having obtained more than EUR 500,000 in external funding (grants, equity, loans etc.) within the three past years;
- deploying an **innovative product/service**, already tested on the market with **proven revenue generation** (for at least 1 year) **and impact** on societal challenges;
- proposing a **1-2 year business project** built around their innovation;
- able to **co-finance at least 50%** of the project costs.

Which benefit?

Co-financing between **EUR 100,000 and 350,000** representing max. 50% of total project costs.

What are the expected results?

- A proven and cost-effective solution that delivers measurable economic, social, and/or environmental results;
- A strengthened business model ready to be scaled and therefore extend the impact on the community;
- Mobilise additional capital to enable scale-up within two years after the end of the project.
